

Progress Update – Licensing and Public Health

Appendix 5

No.	Recommendation	Link Officer	Anticipated Completion Date/ Completion Date	Evidence of Progress Presented to Committee on 13 December 2016	Assessment of progress Categories 1-4	Evidence of Progress Presented to Committee on 13 June 2017	Assessment of progress Categories 1-4
1	The planning department work with the public health team to draft policy for consideration of appropriate hot food takeaway locations in the borough to be included planning documents.	Sarah Bowman-Abouna	This needs to be picked up again between public health and planning officers, the DPH will instigate this with the new director responsible for planning.	<p>The PH Team continues to pursue best practice with regard to this work</p> <p>Recently this has included establishing links with Leeds Beckett University where research is underway to identify best practice in promoting and implementing a whole systems approach to obesity prevention.</p> <p>PHE has produced a fast food map (Oct 2016) which will also support the development of this work</p>	2	<p>The PH Team continues to pursue best practice with regard to this work</p> <p>Discussions are underway with Planning colleagues with a view to influencing planning controls for takeaway licensing and introducing public health practice with Takeaway owners e.g. Healthy Choice award scheme.</p>	2
5	Stockton Borough Council consider, where necessary, introducing a “Cumulative Impact Zone Policy” in relation to where the number, type and density of licensed premises are concentrated and serious problems of nuisance and disorder may arise or have been shown to arise at licensed premises, outside licensed premises or otherwise connected with such premises.	Margaret Waggott	This needs to be picked up again between public health and planning officers, the DPH will instigate this with the new director responsible for planning.	Additional data are required in order to be able to demonstrate the cumulative impact using the ‘alcohol harm map’. We are working with partners (police and NHS) to identify and access this data.	2	Licensing act applications are considered on their merits and all responsible authorities are consulted to ensure that each application positively contribute to the licensing objection contained within the 2003 act. In addition licensing services are working closely with other services and partners to continue to regulate licensed premises in an appropriate risk based way. We are also supportive of the Reducing Alcohol related Harm strategy.	1

1 – Fully Achieved

2 – On Track

3 – Slipped

4 – Not Achieved
