SCRUTINY REVIEW OF HOSPITAL DISCHARGE (PHASE 2)

Summary

This final evidence-gathering session for the ongoing review of Hospital Discharge (Phase 2 – discharge to an individual's own home) will involve a further contribution from North Tees and Hartlepool NHS Foundation Trust (NTHFT) who will be providing an update on their original pre-pandemic information submission that was considered by the Committee in February 2020.

Detail

1. NTHFT, in conjunction with Hartlepool and Stockton-on-Tees Clinical Commissioning Group (now Tees Valley Clinical Commissioning Group) and Stockton-on-Tees Borough Council, gave a presentation to the Committee in February 2020 addressing several of the review's key lines of enquiry. A link to the original presentation, as well as the discussion that followed, is included below (see agenda item ASH 57/19):

2. Representatives of NTHFT have agreed to provide an update on the information previously submitted, particularly in light of subsequent developments around the COVID-19 pandemic.
3. To gain further insight into patient feedback around this scrutiny topic, NTHFT will also include contributions from their Associate Director of Risk and Governance, as well as their Volunteer Services Manager (who has led on the Trust's *Home but not alone* scheme).
4. A copy of the agreed scope and plan for this review is included for information.
