CARE QUALITY COMMISSION (CQC) – STATE OF CARE ANNUAL REPORT 2021-2022

Summary

The Committee is requested to consider the annual update from the Care Quality Commission (CQC).

Detail

1. The Committee has previously agreed to receive regular updates from the Care Quality Commission (CQC).
2. The CQC publish an annual State of Care report outlining their findings across health and social care in England. The full State of Care 2021-2022 report, as well as a summary of the report's key points, can be found at the following links:

3. Representatives of the CQC will be in attendance at this meeting in order to provide information on the role of the CQC and national developments / policy. A presentation for the meeting is attached at **Appendix 1**.
4. In previous years, data and commentary on local services has also been provided. However, the CQC has now agreed that this is not something that falls within its role or remit to deliver (the data can instead be publicly accessed via their ratings directory: [Using CQC data - Care Quality Commission](#)).
5. Members are reminded of the discussion points raised during the Committee's consideration of the last CQC State of Care report (2020-2021) in January 2022 – this can be found at the following link (see item ASH 55/21):
