Miss Gillian
4 Brimham Close

Dear Mr Bond

I wish to object to the proposal for the speed reduction on the A1044 road due to the fact that I don't think that it is necessary for there to be a 40mph speed limit on the entire stretch of the road you are outlining.

In my experience of travelling on this stretch of road which is regular, the only point that I would make is that the reason I feel there are accidents at the junction of the Fox Covert is due to impatient drivers wanting to get out, people not reading the road correctly and mostly people pulling out of the junction and not accelerating

Yours sincerely

Gillian Hesk
