WITH REF. TO THE PROPOSED SPEED BUMPS ON CARNOUSTIE
DRIVE.

Dear Sir,

I write with reference to the speed bumps you are going to put on
Carnoustie Drive.

May I ask WHY? We have lived on Carnoustie Drive for 35 Years and
cannot understand why you deem it necessary. We do not have trouble with
speeding cars.

You have put up the school zone signs , you are going to put parking
restrictions near the school.

May I suggest that you see how that works first . That way you can
monitor whether speed bumps are necessary , (which I repeat as residents
we just cannot see that they are)

Surely this way will give a clearer indication on whether it is viable to
spend tax payers money on this .

We just cannot believe anyone could think they are necessary, perhaps
the people who do , do not even live on Carnoustie.

Yours sincerely
