Ref: Yarm Road/Urlay Nook Road, Improvement Scheme

Dear Mr Renahan

We write to add our voice of support to the above road improvements, which is scheduled to be part of the Tees Valley Bus Network Improvement Initiative. Where we will see the extension of the existing bus lane and improved traffic signals so that we can improve the journey time on this very important and highly used service 7 route between Yarm and Stockton. We feel that this scheme would give our customers a much more reliable service on this route and we do know that improved journey times will make the bus service much more attractive, which will help us to offer opportunities to help reduce congestion on Yarm High Street, which will have an economic benefit for the local area.

Yours sincerely

M Ellis
Commercial Manager
