1. Which of our strategic corporate objectives does this topic address? Liveability, Economic Regeneration and Healthier Communities	
2. What are the main issues? Identify what may be done to generate more use and encourage growth for businesses, leisure and tourism, and how. Identify levels of existing use and by whom, in particular amongst Stockton residents. What growth has there been over the last 5 years? Are there any barriers preventing/deterring greater use of the river? Rateable moorings/accessibility? How do the Borough's residents view the river and its potential? Is best use being made of what is a clean, international standard, 13 mile stretch of river (upstream from Barrage to Low Worsall, impounded stretch at fixed level). What opportunities exist for riverside leisure between the Barrage and Newport Bridge? Ensure Stockton best placed to benefit from potential opportunities emanating from the period leading up to the 2012 Olympics.	
3. The Thematic Select Committee's overall aim/ objectives in doing this work is: To maximise the potential of the barrage and the river for businesses, residents and visitors.	
4. The possible outputs/outcomes are: An assessment of the viability of new initiatives (such as river taxis, hire boats). An assessment of current river usage and existing users. Increased awareness within the Borough of the opportunities presented by the river. Recommendations highlighting what can be done to maximise future use.	
5. What specific value can scrutiny add to this topic? Detailed consideration of the issues. Using the scrutiny process to bring together a wide range of stakeholders involved in leisure provision on the river.	
6. Who will the panel be trying to influence as part of their work? Cabinet, key stakeholders in river-based business and leisure
