### **ALC 43/10**      **Monitoring the impact of previously agreed recommendations - EIT Review of Finance, Internal Audit and Risk Management - Action Plan**

Members were requested to consider the Action Plans setting out how the agreed recommendations from the Efficiency Improvement and Transformation (EIT) Task and Finish Review of Finance would be implemented and target dates for completion.

The Officer's final report of the EIT Task and Finish Review of Finance was

considered by Cabinet in December 2010. Cabinet accepted the recommendations contained within.

The recommendations were now subject to the procedure for monitoring the implementation of the agreed recommendations. The Action Plan was attached for Members information.

Garry Cummings provided an update on the action plan. Members noted that in relation to the restructure of the service recruitment was currently progressing. In total there had been a reduction of 12 posts, however 5.5 vacancies had been deleted due to the posts being vacant, there had been 4 volunteers for early retirement and voluntary redundancy. Therefore this would result in 2.5 compulsory redundancies, 1 of which has been deferred for a year to cover maternity leave.

The progress reports would be presented to Committee on a quarterly basis.

CONCLUDED that the Action Plan be agreed and progress reports be provided quarterly.
