## Construction (Design & Management) Regulations 2015 Client Adviser.

4. The revised Regulations came into force on 6 April 2015. The Health & Safety Executive (HSE) objectives behind the new regulations are far-reaching and mark a significant shift in the health and safety regulatory regime for procurement, design and delivery of construction projects.

The Regulations apply to all construction work whether or not the project is notifiable to the HSE and impose specific duties onto:

- Clients,
- Principal Designers,
- Designers,
- Principal and Sub-contractors,
- Others involved with the project.

Subject to the size and complexity of individual projects, the Health and Safety Unit act as 'CDM Advisor' to the Client and or the Principal Designer, as duty holders. The CDM Advisor carries out functions including:

- notification to the regulator, the HSE
- production of Pre-construction Information
- appraisal of the Principal Contractors Construction Phase Plan
- provision of construction health & safety advice.

During the reporting period, **10** Pre-Construction Information Documents were issued.

A total of **17** hours of resources were dedicated to the preparation, planning, monitoring and reviewing of a broad range capital works construction projects to ensure compliance with the CDM Regulations and other associated statutory provisions.

### Design Stage

Ensuring design management arrangements are in place, providing pro-active and practical help to Clients and designers in response to individual project's demands.

Facilitating design risk management process, providing advice and assistance to Clients and designers on risk reduction and health and safety management in design.

### Pre Construction Stage

Appraise and approve Contractor's Construction Phase Health and Safety Plan.

Ensuring construction management arrangements are in place prior to works commencing.

Ensure effective co-operation and co-ordination and that sufficient time has been allocated for planning and preparation of project safety. provide when requested advice on competence of Client appointments – Principal Contractors.

### Construction Phase

Ensure construction management systems remain in place for the duration of the construction phase.

Liaise with Client, Designer, Principal Contractor throughout the construction phase to ensure safe design and build.

Conduct site inspections on certain construction sites where there may be specific risks to the general public.
