<p>Partnerships. Each Area Partnership was requested to identify a limited and deliverable set of priorities from within the framework provided by the Community Strategy and Neighbourhood priorities on which it will focus for the medium term. These priorities were agreed on the 16th May 2006, at the Visioning event, which was attended by all the Area Partnerships and service providers. It was reported that the Central Area Partnership agreed 2 key themes drawn down from the Community Strategy and a further 2 key objectives. In terms of the remaining Community Strategy themes an Area Partnership event is scheduled for June 2007, which will provide Thematic Lead Officers an opportunity to report annually to each Area Partnership at one event. This event will also help the Area Partnerships decide which of the Community Strategy priorities they would like progress reports on in the 2007/8.</p>

This will be an inspection of how well Stockton Borough Council and partners work together for children and young people. Preparation work has already started for this inspection. The purpose, links and stages of the inspection were highlighted to members.</p> <p>There is also a web based questionnaire “Tell Us Survey” which will enable inspectors to gauge the view of a sample of children and</p>						<p>Peter Seller Head of Strategy (01642) 527043</p>
