1. Title of Item/Report

Economic Climate Update Report

2. Record of the Decision

Consideration was given to a report that provided Members with an overview of the current economic climate, outlining the effects that this was having on Stockton Borough, the mitigations already in place and those being developed in response to this

A report was submitted to Cabinet in December 2008, which set the scene of the economic downturn, and the effects that the global recession and economic climate were having on businesses, rising unemployment, and mortgage repossessions.

The monthly update report enabled a focussed account to be made of the changes to economic circumstances, the direct impact that this may be having on the Borough, and the responses and mitigations either in place or being developed to support businesses and residents. A summary was provided to members noting the economic changes and both the positive and negative of this that had occurred since their previous update on 16th April 2009.
