NI	NI 50	<b>Emotional health of children</b> The percentage of children who enjoy good relationships with their family and friends.		TBC		N/A	N/A	N/A	65%	65%	N/A	65%	N/A	This indicator is based on the proportion of children responding positively to a combination of questions on the TellUs Survey designed to reflect their emotional health and resilience based on the quality of their relationships. This 2008/09 figure will represent a baseline for future target setting and monitoring. The local performance of 65.3% compares favourably with the England average of 63.3% and the regional average of 64.6%	All Agencies
NI	NI 51 (LAA)	<b>Effectiveness of child and adolescent mental health (CAMHS) services</b> Self assessment of how effectively mental health services meet children's mental health needs for 2008/09 based on a score of 1-4 (higher is better for each of the 4 areas)	12	12	0	12	N/A	12	N/A	12	12	12	★	Year end position is based on a self assessed score for how well the council and its partners meet the needs and provide services against the 4 tiered CAMHS framework. These are Tier 1 where services are provided by practitioners in universal services offering general advice and support for less severe problems. Tier 2 where services are provided by specialists working in community and primary care settings, offering consultation, outreach needs and assessment including training other practitioners at Tier 1. Tier 3 services provided by multi disciplinary teams working in a community health clinic, child psychiatry outpatient or community service, offering specialised services for severe and complex persistent disorders. Tier 4 services for children and young people with the most serious problems and includes day units, highly specialised outpatient teams and inpatient units usually serving more than one area. 2008/09 outcome has achieved the target.	SBC Police YOT Tees Esk & Wear Valley Mental Health Trust (TEWV)
NI	NI 53 (LAA)	<b>Prevalence of breastfeeding at 6-8 weeks from birth</b> Percentage of babies who are exclusively receiving breast milk at 6-8 weeks of age.	27%	28.0%	1% pt	11.20%	N/A	14.30%	N/A	N/A	19.8%	19.8%	■	2008/09 outcome was below target. The PCT and Local Authority are working in partnership to explore ways to better co-ordinate breastfeeding to ensure a sustained increase in initiation and maintenance rates. Resources have been secured in 09/10 to support this work. Local leadership on this will be through the newly appointed Acting Director of Health Improvement and the newly appointed Assistant Director of Commissioning (Children). It is expected that one of the ways in which to deliver improved performance in this area is through implementation of the UNICEF Baby Friendly Award.	PCT SBC

				2008/09											
NI	NI 55	<b>Obesity in primary school age children in Reception</b> The percentage of children in reception who are obese, as shown in the National Child Measurement Programme (NCMP).	13%	13%	2%	16%	16%	16%	16%	16%	16%	16%	■	2008/09 performance has missed the 13% year end target and progress in addressing obesity levels remains a challenging area. A range of programmes and initiatives are in place as part of the obesity strategy. Besides the programmes run through Stockton Borough Council and schools a Community Breast Feeding Peer Support Service is running to encourage breast feeding. A Young Persons Active Health Scheme, which is a progressive programme up 12 months long including the child and parental engagement, has been commissioned. Physical Activity programme developed during school holiday period May, August and October 2008 has been commissioned and delivered.	PCT Public Health SBC
NI	NI 56 (LAA)	<b>Obesity in primary school age children in Year 6</b> The percentage of children in Year 6 who are obese, as shown by the National Child Measurement Programme (NCMP).	20% (06/07)	19%	2%	21%	20.5%	20.5%	20%	20%	20%	20%	■	2008/09 performance has missed the 19% year end target and progress in addressing obesity levels remains a challenging area. A range of programmes and initiatives are in place as part of the obesity strategy. A Young Persons Active Health Scheme, which is a progressive programme up 12 months long including the child and parental engagement, has been commissioned. Physical Activity programme developed during school holiday period May, August and October 2008 has been commissioned and delivered.	PCT SBC
NI	NI 58	<b>Emotional &amp; behavioural health of looked after children</b> The mean value of the child level 'Strengths and Difficulties Questionnaire' (SDQ) scores for each child or young person aged 4 to 16 who has been looked after for a year.	TBC			Reported Annually					14.5	14.5	N/A	On an individual child basis a score of 13 or below is considered normal and a score of 17 or above a cause for concern. However, this is a new indicator with no historic data so it is not possible as yet to judge where the average score for the LAC cohort as a whole places the LA in comparative terms.	SBC
NI	NI 59	<b>Percentage of initial assessments for children's social care carried out within 7 working days of referral</b> The number of initial assessments completed in the period between 1 April and 31 March, within 7 working days of referral, as a percentage of the number of initial assessments completed in the period between 1 April and 31 March.	86%	88.0%	2%	85.5%	83.7%	85.0%	82.0%	83.8%	84.0%	83.9%	■	In year monitoring of this indicator has suggested that the target would not be achieved, given the significant increase in the volume of referrals received during the year (an increase of approximately 20% in referrals from the previous year). This increase could not have been predicted and analysis of the referrals suggests that contributory factors are the impact of the economic recession, along with issues arising from the national Lord Laming report.	SBC
NI	NI 60	<b>Percentage of core assessments for children's social care that were carried out within 35 working days of their commencement</b> The core assessment is regarded as complete when the team manager has deemed the assessment findings complete enough to authorise a formal core assessment record.	86%	90.0%	2%	90.4%	77.4%	84.8%	90.8%	87.1%	90.2%	88.1%	■	Performance has actually been very positive in the context of the significant increase in activity (as referred to in NI 59). There has been improvement on the previous years performance, with the outturn figure just 0.1% outside of the agreed tolerance level.	SBC

NI	NI 112 (LAA)	<b>Under 18 conception rate</b> The change in the rate of under-18 conceptions per 1,000 girls aged 15-17 years resident in the area for the current calendar year, as compared with the 1998 baseline rate, shown as a percentage of the 1998 rate.	48.3 per 1000	-22.6%	0%	51.8 per 1000	51.8 per 1,000	51.8 per 1,000	51.8 per 1000	51.8 per 1000	51.8 per 1000	51.8 per 1000	■	Outturn is in line with the Teenage Pregnancy Strategy and taking account of recent joint National Support Team and Audit Commission review. Target is a reduction from 1998 baseline by 50% by 2010. To meet the target the reduction for 08/09 was by 22.6% from the 1998 baseline. The rate has in fact increased by 7.2%. The Teenage Pregnancy Strategy and action plan takes account of this and if subjected to regular ministerial challenge.	SBC PCT
NI	NI 113	<b>Prevalence of Chlamydia in under 25 year olds</b> The percentage of the resident population aged 15 - 24 accepting a test/screen for Chlamydia.	N/A	17.0%	0%	2.6%	3.8%	N/A	4.9%	N/A	N/A	9.2%	■	There is a robust action plan in place to meet the challenging targets for opportunistic screening. A Sexual Health Service Reform Manager has been appointed who has oversight of the delivery of the action plan with overall leadership from the Director of Public Health Systems and Estates Development. The action plan aims to deliver opportunistic screening opportunities through a range of settings including primary care and pharmacies. There are plans in place to target young people through promotional materials and mailshots to increase uptake rates.	Public Health PCT SBC
NI	NI 114	<b>Rate of permanent exclusions from school</b> The number of permanent exclusions from school in the academic year expressed as a percentage of the school population.	0.03	23	0.5%	N/A	N/A	12 for 07/08 school year.	N/A	N/A	N/A	12	★	12 exclusions for 07/08 school year (provisional data), against local target of max 23 per year. Targets to be revised for 2009 onwards to reflect indicator definition. Based on provisional data with a school population of 25,813 this would equate to a rate of 0.046%. Provisional data (based on number of exclusions) indicates the local target has been achieved.	SBC
NI	NI 115	<b>Substance misuse by young people</b> The percentage of young people reporting either frequent misuse of drugs/volatile substances or alcohol, or both.	N/A	TBC		N/A	N/A	N/A	14%	14%	N/A	14%	N/A	This indicator is based on responses by young people in school years 8 and 10 to a TellUs survey question about whether they have had alcohol or drugs twice or more in the last 4 weeks. The 14% reported locally compares with a National average of 10.9% and North East average of 13.7%. Strategies are embedded in the Young people Substance Misuse Plan. The Drugs Action Team (DAT) is moving towards Drugs and Alcohol Action Team (DAAT) to ensure alcohol misuse is embedded into the strategy.	SBC DAT
NI	NI 117 (LAA)	<b>The percentage of 16 to 18 year olds who are not in education, employment or training (NEET)</b> Data relates to young people who were aged 16-18 on the day of the count.	9.50%	9.2%	2.0%	10.6%	13.6%	12.0%	10.5%	11.5%	N/A	10.5%	■	One factor in the increase in NEET (based on Place of Learning) is the significant increase in export of post 16 learners, with net export increasing from around 330 to nearly 800 learners mainly to the new Middlesbrough College. Under NEET calculation this reduces the number of those in EET learning in Stockton provision and means the NEET component increases as a proportion. NEET residency data has not changed significantly since 07/08 and latest data shows a reduction. Thus we are disadvantaged if learners choose post 16 provision outside of the Borough. Continued improvement actions are set out in the Neet Reduction Strategy	SBC YOT Job Centre Plus LSC

				2008/09											
NI	NI 147	<b>Care leavers in suitable accommodation</b> The percentage of former care leavers aged 19 who were looked after under any legal status on 1 April in their 17th year, who were in suitable accommodation.	N/A	94.7%	2.0%	N/A	N/A	87.50%	N/A	N/A	N/A	100%	★	All the care leavers were placed in suitable accommodation - 2008/09 performance exceeded the target of 94.7%.	SBC
NI	NI 148 (LAA)	<b>Care leavers in employment, education or training</b> The percentage of former care leavers aged 19 who were looked after under any legal status on 1 April in their 17th year, who were in education, employment or training.	N/A	More than 70%	2 People	N/A	N/A	50%	N/A	N/A	N/A	55.6%	■	Small size of cohort, just 9 care leavers, leads to significant movements in performance. Coupled with the recession and its effects on employment and training opportunities performance for this indicator has not met predicted performance.	SBC YOT Job Centre Plus LSC
