Appendix 2 - Performance Report from Domestic Violence Strategy Group 2007-08

Harbour statistics 2007/08

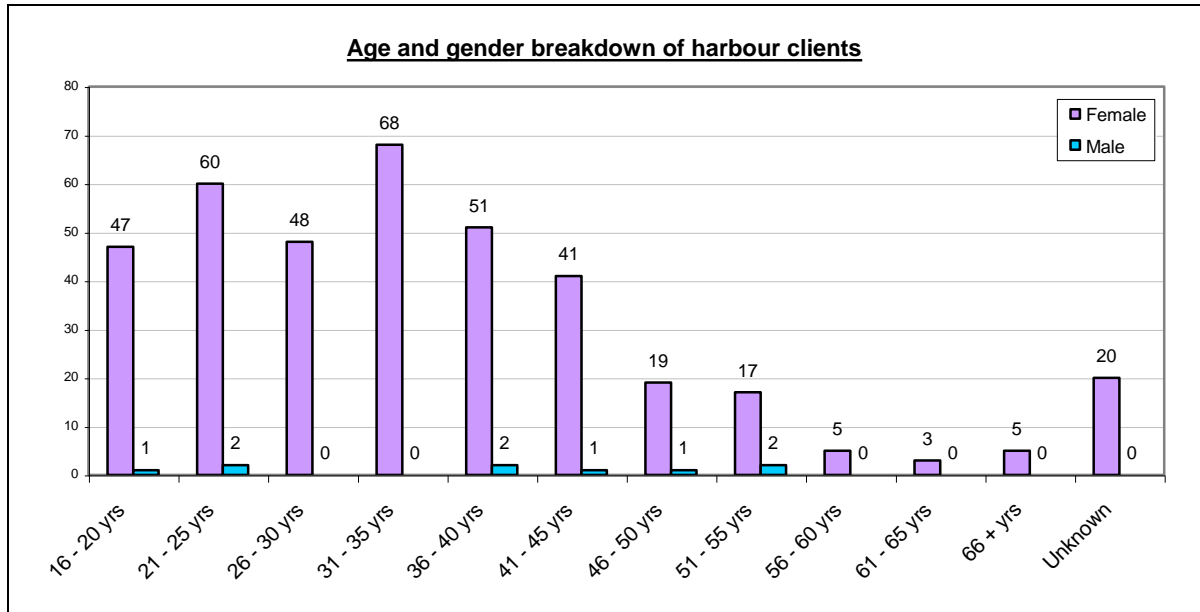

From April 2007 to March 2008 there were 393 referrals to harbour in Stockton. The graph below shows the number of referrals month by months throughout the year.

The table below shows a breakdown of the source of the referrals.

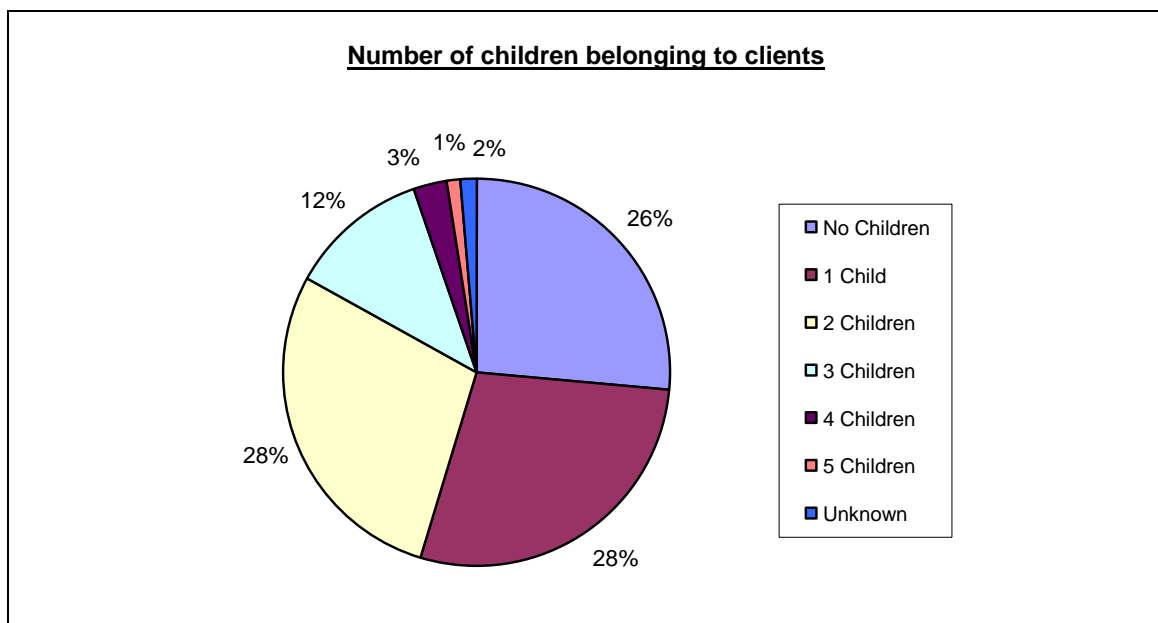

<i>Referral Agency</i>	<i>Total</i>	<i>% of Total</i>
Police	66	16.8
Self	59	15.0
CESC	48	12.2
Police Call Back	46	11.7
Police DVU	43	10.9
A&E	26	6.6
Other	24	6.1
Housing Options	23	5.9
Probation	11	2.8
NTWA	10	2.5
Refuge	10	2.5
Woman's Safety Worker	5	1.3
Stonham	4	1.0
Chrysalis	3	0.8
Health Visitor	3	0.8
My Sisters Place	3	0.8
North Tees Hospital	3	0.8
PCT	3	0.8
Tristar	3	0.8
Grand Total	393	100.0

Of the 393 clients 384 (98%) were female and only 9 (2%) were male. The clients ranged in age from 16 years to 81 years (although an accurate DOB was not recorded for 20 clients). The average age was 33 and the most common age of clients was 25. A full breakdown of client's age and gender is shown in the chart below.

The ethnicity of the clients was predominately White British (90%) with only 3.6% of clients reporting another ethnicity. There were 25 clients (6.4%) for whom ethnicity was not recorded.

The majority of clients had children (283, 72%) with only 26% (104) without any children at all. (6, 1.5% were unknown). The pie chart below shows the number of children the clients had.

Of the 283 clients with children, child protection issues were present with 64 which is 23% overall. The table below gives full details.

<i>Child Protection Issues</i>	<i>Total</i>	<i>% of Total</i>
No	205	72.4
Yes	64	22.6
Unknown	14	4.9
Grand Total	283	100.0

The tenure of the clients was recorded and a summary is listed below.

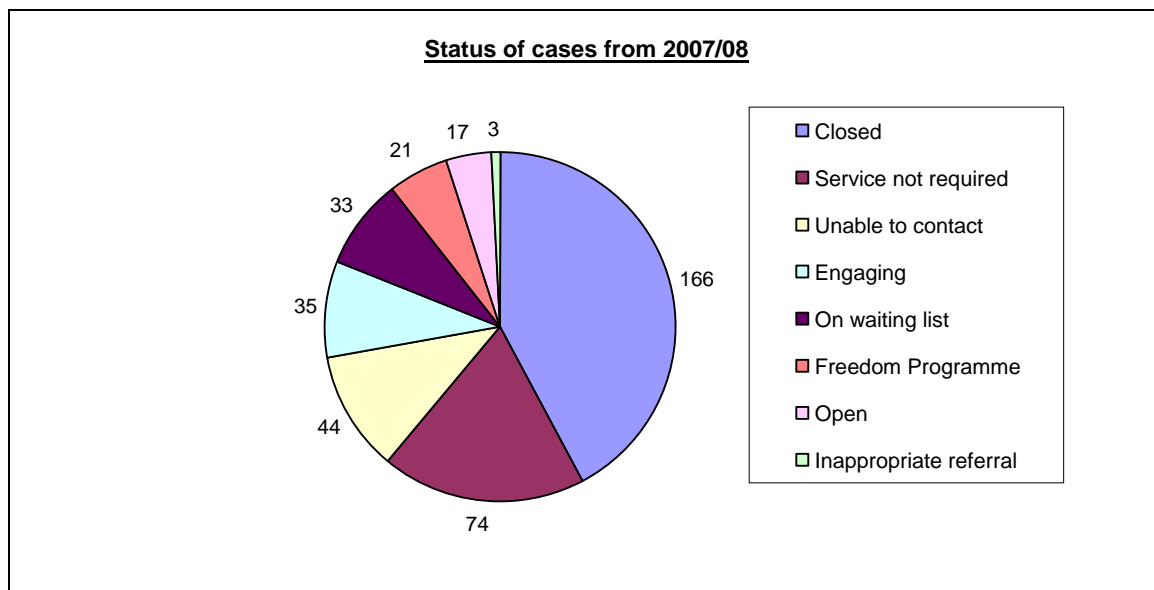

<i>Tenure</i>	<i>Total</i>	<i>% of Total</i>
Local Authority	156	39.7
Owner Occupier	128	32.6
Private Rented	47	12.0
Living With Family/ Friends	35	8.9
Housing Association	11	2.8
Refuge	8	2.0
Unknown	6	1.5
Hostel	1	0.3
Other	1	0.3
Grand Total	393	100.0

The following table shows the ward of the home address for each client. The table is colour coded to show variance from the overall average of rate per 1000 population. **Red** indicates more than twice the total average, **amber** is between half above and twice above the average and **green** is less than half the average. Any wards shown in *italics* are above the average.

<u>Ward</u>	<u>Total</u>	<u>% of total</u>	<u>Rate per 1000 population</u>
Stockton Town Centre	40	10.2	6.13
Newtown	39	9.9	5.38
