1. Title of Item/Report

Economic Climate Report

2. Record of the Decision

This report, and subsequent quarterly updates, provides Members with an update on information published in Stockton's Local Economic Assessment 2017 as well as key recent economic announcements.

The report was presented to Cabinet on a quarterly basis. The emphasis of each report focuses on a particular theme as follows:

- People – labour supply
- Place – key economic development locations
- Business – key sectors and businesses
- Economic Performance Summary Report and Economic Growth Plan monitoring

Each thematic report was presented in four sections:

- i. Economic Dashboard – presented a number of key indicators which were monitored at least quarterly, and included a position statement against the two indicators of growth relevant to the 'People' chapter
- ii. Updates – summarising key announcements and developments:
 - updates – announcements with implications across key sectors, the region and nationally
 - business announcements – announcements from some of the key businesses within the Borough
 - strategic locations – a brief update on any new development at strategic employment locations across the Borough
 - training & skills – provides an update on emerging news relating to skills needs and provision

Internet links had been included, where possible, to provide digital viewers of the report with more information on each announcement.

iii. Theme Review – An in depth focus, and the substantive part of the report, on key statistics affecting business, people or place. Most of the referenced statistics in the review are produced annually and cannot be updated quarterly.

iv. Case Study – A relevant case study for the theme. For example, the 'People' case study in this report focuses on a entrepreneurship in the Borough.
