<b>Which of our strategic corporate objectives does this topic address?</b>	
<p>The Council Plan 2017-20 includes the key objective for Children's Services of working collaboratively, effectively and efficiently.</p> <p>Children's Services Strategy 2017-2020 includes a specific commitment to listening to the voice of the child and those who we work with, as part of a focus on feedback.</p>	
<b>What are the main issues and overall aim of this review?</b>	
<p>We want to challenge how effectively we plan and deliver services across the whole of Children's Services which re based on the views, and lived experiences of children.</p> <p>We want to test out how effectively we do this at a number of levels:</p> <ol style="list-style-type: none"> <li>1. At the level of individual children and young people – how we involve them in decisions and processes which impact on them – do we seek their views; how effective we are at this; and how effectively we use views as part of assessments planning and decision making;</li> <li>2. At the level of service design and commissioning – how we seek out the views of children and young people about specific services, and whether we could be doing more to support, engage and develop the roll of young people as not simple receivers of a service, but as co designers and commissioners of services</li> <li>3. Strategically – how effectively we engage and involve children and young people in setting strategic direction and priorities for Children's services and for the Council as a whole.</li> </ol>	

**The Committee will undertake the following key lines of enquiry:**

At an individual level:

1. What is our current approach, what are we doing well and what areas do we feel we need to improve on?
2. What tool and techniques do we use?
3. How well do we engage?
4. Can we demonstrate the impact on decision making?

At an operational / service level:

1. What do we do now?
2. What else could we do?

At a strategic level:

1. What mechanisms exist?
2. How well are they engaged?
3. How can we ensure that children and young people are at the heart of future strategy and planning?

**Who will the Committee be trying to influence as part of its work?**

Cabinet, Children and Young People Partnership, Local Safeguarding Children Board

**Expected duration of review and key milestones:**

<p><b>How will the review contribute towards the Joint Strategic Needs Assessment, or the implementation of the Health and Wellbeing Strategy?</b></p> <p>The review will challenge our current effectiveness in ensuring that we are consistently placing the child at the centre of our decision making. It will therefore contribute to the strategic objective of enabling children and young people to maximise their capabilities and have control over their lives.</p>	
<p><b>Provide an initial view as to how this review could lead to efficiencies, improvements and/or transformation:</b></p> <p>This review will support our priority to:</p> <ul style="list-style-type: none"> <li>- Review how effectively we are seeking and listening to the views of children and young people;</li> <li>- How we analyse and draw intelligence from data to inform strategic decision making</li> <li>- How we ensure that we always place the views of children and their journey and lived experience at the centre of assessment, planning and decision making</li> </ul>
