

AGENDA ITEM
REPORT TO CLEVELAND
POLICE & CRIME PANEL
10 JUNE 2013
REPORT OF HEAD OF
COMMUNITY PROTECTION

CoPaCC REPORTS FOR APRIL 2013 AND MAY 2013

SUMMARY

The purpose of this report is to seek the views of the Panel on the value of the monthly reports prepared by the Confederation of Police and Crime Commissioners.

RECOMMENDATION

The members of the Panel advise whether they wish to continue to receive these reports and, if so, whether as a formal item in Panel meetings, or by email as published, or both.

DETAIL

1. The Confederation of Police and Crime Commissioners (CoPaCC) is one of a number of organisations attempting to represent PCCs collectively. Others include the Police & Crime Commissioners Association (PCCA), backed by the Local Government Association (LGA), and the Association of Police and Crime Commissioners (APCC), which evolved from the former Association of Police Authorities.
2. CoPaCC is collating monthly reports on PCC activity, and the main content of the reports prepared to date is a detailed entry for each PCC following a structured format. Examples for April and May are attached. It should be noted that these documents are the copyright of CoPaCC but are available to members of the Panel and to lead officers supporting them.
3. These reports could be circulated to Panel members by email as they arrive, or added to the agenda for future Panel meetings, or both, if members of the Panel prefer.
