**76/09**      **Forward Plan and Leaders Statement**

The Leader of the Council gave his Forward Plan and Leader's Statement.

Tees Valley Unlimited's bid for Forerunner City Region status was not successful. The Government preferring the bids from Leeds and Manchester. Hazel Blears, personally told Hugh Lang, the Chair of Tees Valley Unlimited, that the bid was excellent but was not chosen because the impact of the Tees Valley economy on the national economy was not as great as Leeds or Manchester. However, Hazel Blears had written to say she is making a personal commitment to ensure we remain in the vanguard of a devolved and new relationship with Government.

On a more positive note, One North East had allocated £2 million for expenditure on tackling employability in the Tees Valley during the next two

years. The projects were:

- A Tees Valley-wide intermediate labour market project for construction and other key sectors such as engineering and logistics.
- A project to work closely with employers to develop employment opportunities and raise skill levels.
- A pilot service for employer support and after care to help businesses deal with health, social and mental problems in the workplace and therefore enable people encountering these to stay in work.

The Leader of the Council had wrote to Geoff Hoon at the Department of Transport regarding the withdrawal of BMI flights from Durham Tees Valley Airport to Heathrow and although they accepted the importance of this service to industry in the Tees Valley he stated that the Government had no powers to intervene.

Geoff Hoon suggested that One North East should apply for a Public Service Obligation to be imposed on this route and this was being investigated with the support of the Regional Minister and other local M.P's.

In the budget, the Chancellor announced £90million to support proposals for developing coal fired power stations but capturing the carbon dioxide underground in cavities under the North Sea created by the extraction of oil and gas. The Progressive Energy project on the Tees was one of the projects now able to apply for this funding.

Recently Member seminars on scrutiny, CAA, the Momentum project and Safeguarding were well attended and as a report was to be considered by Cabinet next week on the Short, Medium and Long Term plans for Stockton High Street the Leader of the Council urged members to attend drop-in sessions on May 22nd and 26th to add their opinions to the debate as how the Council would move forward.

The Youth Justice Board had congratulated the Youth Offending Team on their success in reducing the number of 10 to 17 year olds receiving custodial sentences. The reduction from 20 to 13 Custodial Sentences from 2007 to 2008 had a significant financial benefit as costs range from £55,018 in Young Offenders Institutions to £206,184 in Secure Children's Homes.

The Economic Climate Update to be presented to Cabinet on 14th May 2009 identified some positive employment opportunities in the manufacturing and Service sectors but these were again offset by further redundancies throughout these sectors.

One of the most disappointing was the decision by Elementis to close the last remaining chromium plants in the UK with the loss of 138 jobs in June. The Council was working with Job Centre Plus to coordinate assistance to those employees affected and would be seeking assurances from the company regarding the future use of the site.

The numbers in Stockton on Job Seekers Allowance had increased from 3726

in March 2008 to 6155 in March this year, with an increase in March of 83. This represented an increase from 3.2% of the working population in 2008 to 5.1% in 2009.

The long-awaited opening of the Infinity Bridge whose construction was managed by the Council's own engineers would take place on Thursday 14th May with a spectacular display of sound, light, free-running and fireworks and the Leader of the Council hoped Members would be there and encourage residents and businesses to do likewise.

This would be the start of a three-day festival around the town centre and river to celebrate the opening, which would include an exciting programme of street theatre, music, talks, exhibitions and the Tees Regatta.
