EXC 70/09 Scrutiny Work Programme - Selection of In Depth Reviews

Members were provided with a report that presented suggestions received from Members and officers, together with the identified priorities following discussion at the Scrutiny Liaison Forum on 10 February 2010.

The current year's work programme had, in the main, focused on the Council's Efficiency, Improvement and Transformation (EIT) programme.

All of the current review work either had or was nearing completion with the exception of the Fair Access to Care Review and the Youth Services Review.

Topics for 2010/11 had been sought from Members and Officers on a standard pro forma in line with previous practice and other public bodies on the Local Public Service Board had also been invited to make suggestions. In addition, members of the public were able to suggest an issue for scrutiny at any time during the year.

All of the suggestions received were summarised in the schedule set out within the report and given a PICK score. Each suggestion was cross referenced with supporting information.

Scrutiny Liaison Forum met on 10 February 2010 to review the suggestions for in depth scrutiny and prioritised topics for review. The following list set out the prioritised topics by Select Committee for consideration:-

Regeneration and Transport Select Committee – Events, Arts and Tourism

Arts, Leisure and Culture Select Committee – Sport, Leisure and Recreation
