43/10 North Tees and Hartlepool NHS Foundation Trust
- Consultation on priorities for Quality Account 2011-12**

Members received a presentation on the quality accounts for 2011/12 from the Director of Nursing and Patient Safety for the Foundation Trust. Members were advised on progress against the Trust's priorities for 2010-11:-

- Patient Safety (in particular the reduction of deaths, inpatient fractures and MRSA cases).
- Effectiveness of care (reduction of waiting time to two hours for Emergency Assessment Unit assessments upon admission)
- Experience (ensuring patients received care and compassion)

Members were advised that patient deaths, inpatient fractures and MRSA cases had all been reduced following implemented changes. The Trust had at one stage been free of any MRSA cases for eight consecutive months.

The hospitals aim was to report zero figures for above average patient deaths, inpatient fractures and MRSA cases; however it was acknowledged that there were many factors that could impact on achieving the aim.

The Director of Nursing and Patient Safety advised that consultation was taking place between patients, staff, governors, OSCs, LINKs, Commissioners and other stakeholders in order to gain feedback on the priorities for 2011-12.

Members supported the suggested retention of reducing mortality as a priority for 2011-12. Members discussed potential priorities under the themes of Effectiveness, and Patient Experience.

Members were advised that the Director of Nursing and Patient Safety held Quality Review Panel's with hospital staff. During the meetings feedback was provided on services, both compliments and concerns at which point discussion would take place as to how improvements could be made. Following the meeting the improvements were implemented.

The Director thanked the committee and LINK for their input in the 2010-11 Quality Account and for their joint third party response.

Members and LINK representatives agreed that they would submit a third party response for the next quality account.

The Director advised that the next year's Quality Accounts information would be reported in draft form to the Committee by February or March next year.

CONCLUDED that:-

1. The report be noted.
2. The Director of Nursing and Patient Safety would present draft information of

the next years quality accounts to the Select Committee at a meeting in February or March 2010.

H
44/10 **Work Programme**

Members were advised that Executive Scrutiny had agreed that Health Select Committee would include in the work programme for the current year an officer-led EIT review of Adult Services structures.

CONCLUDED that the report be noted.

H
45/10 **Chair's Update**

The Chair advised that Tees, Esk and Wear Valley NHS Foundation Trust (TEWV) had planned a consultation on the governance arrangements of the Trust due to a potential expansion of the Trust into other local authority areas in North Yorkshire.

The Chair would bring details to a future meeting.

CONCLUDED that:-

1. The report be noted.
2. The TEWV consultation will be added as an agenda item for the next meeting.
