C 110/16 Motion

The following motion had been submitted in accordance with Council Procedure Rule 12.1. The motion was moved by Councillor Lisa Grainge, seconded by Councillor Di Hewitt:-

"This Council calls upon the Government to make fair transitional pension arrangements for all women born on or after 6th April 1951, who have unfairly borne the burden of the State Pension Age (SPA) with a lack of appropriate notification.

Hundreds of thousands of women, many of our own workforce included, had significant pension changes imposed on them with little and in some cases, no personal notification of the changes.

Some women had only two years notice of a six year increase to their state pension age. Many women born in the 1950's are living in hardship. Retirement plans have been shattered with devastating consequences.

Many of these women are already out of the Labour Market, caring for elderly relatives, providing childcare for grandchildren or suffering discrimination in the workplace, so struggle to find adequate employment.

Women born in this decade are suffering financially. These women have worked hard, raised families and paid their tax and national insurance with the expectation that they would be financially secure when they reached 60.

It is not the pension age itself that is in dispute, it is widely accepted that both women and men should retire at the same time. The issue is that the rise in the women's state pension age has been too rapid and has been implemented without sufficient notice being given to the women affected, leaving these women with inadequate time to make alternative arrangements.

This Council calls upon the Government to reconsider transitional arrangements for women born on or after 6th April 1951, so that women do not suffer hardship due to pension changes that they were not told about, until it was too late to make alternative financial arrangements.

This Council should write to both MPs seeking support for this motion and the women affected."

Councillor Ben Houchen stated that while the Conservative Group had sympathy with the way in which the transitional arrangements had been made, the Conservative Group would be abstaining from voting and they would be writing separately to local MPs and the relevant Minister.

In accordance with Council Procedure Rule 16.4 Councillor Lisa Grainge requested that a recorded vote be taken; which was supported by at least a quarter of the members present:-
