C Medium Term Financial Plan Update & Strategy

113/17

Consideration was given to a report on the Medium Term Financial Plan Update and Strategy.

This was the final report in setting the Council's 2018/19 Budget and Council Tax. The report also outlined the Medium Term Financial Plan (MTFP) position to 2022.

The MTFP report for 2018/19 to 2021/22 was attached and contained the following detail:

- Background and Context
- National Changes
- Financial Position at 31 December 2017
- 2018/19 Council Tax levels including Adult Social Care Levy
- Medium Term Financial Plan 2018-22
- One off Pressures & Final MTFP

- Capital Programme
- Business Rate Relief Scheme
- Pay Policy and Members Allowances
- Members Allowances
- Precept Levels
- Treasury Management Strategy

Attached to the report as appendices were the following:

- Capital Programme December 2017
- Capital Programme 2012-2020
- Pay Policy Statement
- Council Tax Statutory Requirements
- Treasury Management Strategy

The report outlined the Council Tax proposals and budget for 2018/19 and the indicative MTFP for the next three years.

The report updated the position from that reported to Cabinet and Council in February 2017 and in particular reflected the implications arising from the Spring and Autumn Budgets and the Local Government Finance Settlement for 2018/19.

The Provisional and Final Financial Settlements had provided indicative funding allocations for the next two years, as the final two years of the four year settlement agreed with the Ministry of Housing, Communities and Local Government (MHCLG). They confirmed further funding reductions which would make the difficult financial position faced by the Council even more challenging. The report also outlined future changes to Local Government Finance, most noticeably the proposals to move to retention of a greater proportion of business rates by Local Authorities and to introduce changes to the funding formulae. These were potentially major changes which were likely to have an impact on council funding. This meant that the position for 2020/21 onwards, outlined in the report, needed to be treated with some caution.

The Council had a strong track record of prudent financial management and delivering savings early. This had enabled the use of reserves to support a planned and managed approach to addressing the financial challenges and this would continue.

Cabinet had considered this matter at its meeting held on 22 February 2018 and a copy of the relevant minute extract had been circulated to Members.

Moved by Councillor Bob Cook, seconded by Councillor Jim Beall:-
