**ITEM 14 – MEMBERS’ QUESTION TIME**

**The following question has been submitted by Councillor Luke Frost for response by the Deputy Leader of the Council and the Cabinet Member for Health, Leisure & Culture:-**

“In August 2012 the historic coffee pot locomotive, built at Head Wrightsons in 1870 was removed from the then Halfords Roundabout and sent to Preston Park Museum and Grounds .At the time I believe it was said to be going off for restoration, has this been done ? If so what are the chances of it returning back home to its home over the river in Thornaby?”
