

**COUNCIL MEETING – 29 JANUARY 2020
ITEM 11 – MEMBERS’ QUESTION TIME**

The following question has been submitted by Councillor Steve Walmsley for response by the Leader of the Council:-

“When planning permission was approved for housing development east of Bassleton Beck into Thornaby adjacent to Low Lane / Thornaby Road, officers and Chair of Planning failed to grasp the difference between green wedge and a town boundary – effectively allowing developers to re-shape the town of Thornaby on Tees for what they no doubt perceive to be a more financial advantageous address. When TIA complained, we were advised to wait for the forthcoming boundary review to determine the matter. Will the Leader of this council support Thornaby’s claim to turn over what is an insulting annexation of a part of our town?”
