

Regeneration and Transport Select Committee

Update to Executive Scrutiny Committee - 30 March 2010

EIT Review of Commissioning & Provision of Public and Community Transport

Update on Progress (including issues/problems/successes)

At the meeting held on 22 February the Committee was presented with an action plan detailing how the recommendations from their review of Commissioning and Provision of Public and Community Transport will be implemented. The Committee requested an initial progress update in October.

Next Review

The Committee will begin its EIT Review (year 2) of Events, Arts and Tourism at its next meeting on 12th April.

Other Work

The Committee will receive an officer's report on winter maintenance in June for challenge and comment.

Monitoring

Monitoring of all previous outstanding scrutiny recommendations were reported to Committee in February 2010. There are outstanding actions for the reviews of Highway Network Management, Pavement Parking, Street Lighting, Sustainable School Travel.
