There is no further period of consultation.		Key Decision
In 2005, the Council approved a first draft Scoping Report for the Sustainability Appraisal of the Local Development Framework. Since then, the document has become out-of-date for a variety of reasons; certain documents have now been completed and adopted as Council policy (Core Strategy and Open Space, Recreation and Landscaping SPD) and new documents are currently being prepared (Yarm and Eaglescliffe Area Action Plan and Environment DPD). In addition changes introduced by the 2008 Planning and Compensation Act mean that SPDs no longer have to be subject to SA therefore they can be removed from the document. The results of the SA will inform how policies are developed in these documents.
