

Arts, Leisure and Culture Select Committee

Update 5 July 2011

EIT Programme

Update on Progress (including issues/problems/successes)

Officer-led EIT Reviews

The meeting of 15 June considered the scope of the Gateway EIT Review of Registration and Bereavement Services. The Committee will consider the baseline report at its meeting of 13 July.

Other work

The Committee received presentations from culture and leisure, and countryside and greenspace services at its meeting of 15 June, as part of the round of overview presentations that all Select Committees have been receiving.

At the same meeting the Committee received representation from British Waterways following a request from the Committee as it monitored the results of the review of River Based Leisure Facilities. Members discussed the upgrade to the White Water Course, operation of the fish pass, and maintenance of the river and riverside environment.
