

Regeneration and Transport Select Committee

Update to Executive Scrutiny Committee – 25 November 2014

Update on Progress (including issues/problems/successes)

Review of Road and Footpath Investment Opportunities

The aim of the Committee is to consider:

- Where to target investment.
- What the additional resources can achieve.
- The level of investment required in future years.
- What else could be achieved?

The Committee took evidence on 24 October to learn of the variety of alternative road and footpath repair technologies that now exist. The Committee meet on 8 December to determine the cost benefit analysis of the new repair techniques before reporting the findings and recommendations to Cabinet. The final report will slip from December to January Cabinet.

Review of the Maintenance of the Borough's Main Bridges

Council on 22 October 2014 agreed that a Task and Finish scrutiny exercise take place by the Regeneration and Transport Select Committee to examine arrangements for the maintenance of the Boroughs' main bridges and to provide reassurances and recommendations on those arrangements. The full Regeneration and Transport Select Committee will have capacity to undertake a review in January and February 2015 when their current review of Roads and Footpaths concludes. This will be for presentation to Cabinet in March 2015.
