**DETAIL**

**Adults’ Health and Wellbeing Partnership – 5 April 2016**

**Diabetes Presentation**

Members received a presentation that provided key findings coming from a study, by Durham University, of people with type I, or type II diabetes, that looked at their experiences of managing the condition and the impact it had on their lives.

Following discussion it was agreed that the Public Health Team would pull together data on prevalence, trends, complications and associated costs, GP local data on control of diabetes, any health inequalities data. There was a number of issues discussed that could be followed up outside the meeting such as opportunities around exercise, discussion around vulnerable groups.

The Board is scheduled to receive a report on Diabetes at its June meeting.

**Children and Young People’s Partnership – 20 April 2016**

**Alcohol and Substance Misuse: Early Identification and Intervention Training**

Members considered a report that outlined the Public Health Service approach to supporting early identification and delivery of interventions for alcohol and substance misuse. The report has also been considered by the Adults Partnership.

The Partnership agreed actions including a number that were aimed at engaging with schools and raising awareness.

### **Children's Strategy, LAC and Care Leavers Strategy, Voice of the Child Framework**

The Partnership received the three documents detailed above and provided comments.

The Children's Strategy will be submitted to the Board in June.
