DETAIL

Children and Young People's Partnership – 16th February 2016

Sexual Health Services

The Partnership received a presentation from the providers of the Sexual Health Service – Virgin Care.

Members highlighted the importance of consultation and engagement with young people. It was agreed that the School Nursing Service and Virgin would discuss how they could work together in terms of work in schools.

SEND update

The Partnership noted changes in the structure and a new approach relating to SEND service. Details of new inspection arrangements relating to SEND were also provided.

The new commissioning type approach attempted to encourage joint working to make services seamless and clear to those who needed to receive them.

School Performance 2015 – 2016

There was particular discussion about transitions and the Partnership discussed the transition guarantee which set out requirements for schools in how they conducted

themselves, in terms of sharing social information, passing on academic information, in an appropriate way. Pupils, at transition, took a book demonstrating what the child was capable of, so schools could ensure that those standards were maintained/developed.

The Partnership also received reports on

- **The recent OFSTED inspection of certain children's services and the Local Safeguarding Board**
- **A scrutiny review of Foetal Alcohol Spectrum Disorder**
