

## AGENDA ITEM

### REPORT TO HEALTH AND WELLBEING BOARD

28 JULY 2021

### REPORT OF THE DIRECTOR OF PUBLIC HEALTH

#### Pharmaceutical Needs Assessment (PNA) Update

#### SUMMARY

This report serves to notify the HWB that the statutory review of the 2018 Pharmaceutical Needs Assessment has now commenced and an updated PNA is now due to be published by October 2022.

In the interim, the HWB is required to keep the PNA up to date by maintaining the map of pharmaceutical services, assessing any on-going changes which might impact pharmaceutical need or require publication of a Supplementary Statement.

A review of the existing PNA has identified some changes in the availability of pharmaceutical services. The Director of Public Health has prepared a Supplementary Statement and an updated map of pharmaceutical services on behalf of the HWB. This updated information supersedes some of the original information within the PNA FINAL F1 dated March 2018; the statement should be read in conjunction with this document and will be published on the Health and Wellbeing Board website.

#### RECOMMENDATIONS

1. To note the existing 2018 PNA is now under review.
2. To note the supplementary statement and updated maps which will be published on the Stockton-on-Tees website
3. To note the establishment of the PNA Steering Group to oversee the review of the existing PNA and publication of an updated PNA by October 2022
4. To note the closure of a 100-hour pharmacy in the Yarm locality

#### DETAIL

1. The Stockton-on-Tees Health and Wellbeing Board (HWB) published its first Pharmaceutical Needs Assessment (PNA) on 25 March 2015, in accordance with the statutory duty to do so by 1<sup>st</sup> April 2015.
2. The legislation that describes the HWB's duties in this regard is the **National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013<sup>i</sup>** (as amended). As well as describing what each PNA was required to consider when they were first developed and published, these 2013 Regulations also describe how each local Assessment must be maintained by the HWB.
3. In accordance with this, you will be aware that a full revised assessment of the Pharmaceutical Needs Assessment was due to be renewed and published by Stockton-on-Tees Health and Wellbeing Board by April 2021.
4. In May 2020, the Department of Health and Social Care (DHSC) initially determined that the requirement to publish renewed PNAs would be suspended for a year (to April 2022) in order to reduce unnecessary extra pressure on local

- authorities, Local Pharmaceutical Committees, pharmacy contractors and other stakeholders during the response to the Covid-19 pandemic<sup>ii</sup>.
5. Subsequently, in March 2021, due to ongoing pressures across all sectors in managing the pandemic response, the requirement to publish renewed Pharmaceutical Needs Assessments was postponed further until October 2022. HWBs will retain the ability to issue supplementary statements to respond to local changes and during this time. It is understood that the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 will be further updated to reflect this second change in due course.
  6. Updated guidance for the publication of new Pharmaceutical Needs Assessments is also expected this summer.
  7. In the interim, the HWB is required to keep the PNA up to date by maintaining the map of pharmaceutical services, assessing any on-going changes which might impact pharmaceutical need or require publication of a Supplementary Statement. When changes take place, Supplementary Statements can provide updates to the Pharmaceutical Needs Assessment, but only in relation to changes in the availability of pharmaceutical services, they cannot be used to provide updates on pharmaceutical need. This can only be achieved through a review of the Pharmaceutical Needs Assessment itself.
  8. A review of the existing PNA has identified that the following information required updating and is presented here as a Supplementary Statement. This updated information supersedes some of the original information within the PNA FINAL F1 dated March 2018; this statement should be read in conjunction with this document. This information is attached as a supplementary statement to published along with existing PNA located here <https://www.stockton.gov.uk/media/877177/sbc-pna-2018-final-f11-main-233.pdf>.
  9. This report also serves to provide notice from the HWB that the 2018 PNA is now undergoing review in-line with the extended Regulatory requirement. Whilst the PNA review process is on-going, the HWB will continue to monitor any changes to availability of pharmaceutical services.
  10. A Stockton- PNA Steering Group has been established to oversee the review and production of the updated PNA. The Health and Well Being Board will be kept updated on its progress.

## **FINANCIAL IMPLICATIONS**

11. No direct financial implications

## **LEGAL IMPLICATIONS**

12. The NHS Act (the “2006” Act), amended by the Health and Social Care Act 2012, sets out the requirements for HWBs to develop and update PNAs and gives the Department of Health (DH) powers to make Regulations.

## **RISK ASSESSMENT**

13. See legal implications above.

## **COMMUNITY IMPACT IMPLICATIONS**

14. The aim of the PNA is to assess the pharmaceutical services required to meet the needs of the local population, taking account of demographic change and the current and future health needs in Stockton-on-Tees.

## **COUNCIL PLAN POLICY PRINCIPLES AND PRIORITIES**

15. The PNA will be reviewed with due consideration of the Stockton-on-Tees Joint Health and Wellbeing Strategy and Council Plan.

## **CONSULTATION, INCLUDING WARD/COUNCILLORS**

16. The review of the PNA includes a formal consultation requirement which is defined in the regulations. All relevant local stakeholders will be consulted as part of this process.
