CHANGES TO PHARMACY OPENING HOURS

Since the PNA was published there have been a number of changes to pharmacy opening times. Aside from the core contracted hours associated with the closure of the pharmacy in Yarm, there has been no reduction in pharmacy core contracted hours. However, there has been a reduction in the number of supplementary hours offered by pharmacies and these have been included in the updated pharmaceutical list attached. The implications of these changes to core and supplementary hours will be assessed during the full review of the Assessment that is currently underway.

See updated pharmaceutical list attached.

UPDATED MAP OF PHARMACY LOCATIONS
