

Adult Social Care Discharge Fund - ICB distribution template

Guidance

60% of the Adult Social Care Discharge Fund has been allocated to ICBs. The funding must be pooled into Better Care Fund plans and its use agreed with local authority partners. It is for systems to agree how to distribute this funding at HWB level, based on their assessment of need.

Separate spending plans, covering the detailed use of the funding (both ICB allocated and grants paid to local authorities) should be completed for each HWB and returned by 16 December. This form is for ICBs to confirm the distribution of ICB allocated funding across HWBs within their footprint

	Yellow sections indicate required input
ICB name	NHS North East and North Cumbria ICB
Total allocation	£13,453,203.16
