Update on Transforming Community Services

Summary

The Committee are requested to consider an update on Transforming Community Services from NHS Stockton-on-Tees.

Detail

1. Members will recall that on 26 October 2009 the Committee received a presentation on the Transforming Community Services programme from the PCT's Director of Health Systems Development.
2. As the PCT have concentrated on commissioning services rather than providing them direct since November 2008, community services have been provided by the North Tees and Hartlepool NHS Foundation Trust on an interim basis. Members were informed that reviews of the services involved had taken place, prior to a procurement process that would lead to the appointment of a longer term provider(s).
3. A further update is now available from NHS Stockton-on-Tees, and a representative will be in attendance at the meeting.
