Areas for discussion included:

- Members agreed the Executive Summary encapsulates that Stockton-on-Tees Borough Council were doing something about the under-representation of BME communities in their workforce.
- It was agreed the recommendations were sensible and achievable but would need to be monitored in 12 months to see if the BME representation within the Council's workforce had increased.
- Officers agreed the process had been helpful and discussions had begun around resources within the HR department to commit to the recommendations.
- The Chair of the BME Staff Forum thanked Members on behalf of the Forum for being part of the scrutiny review. Members agreed that the input of the BME Staff Forum had been very helpful in identifying ways forward and highlighted which areas would benefit from further examination.
