

**APPENDIX 2**  
**Progress Update – Review of FASD**

No.	Recommendation	Responsibility	Date	Evidence of progress Presented to Committee on June 2018	Assessment of progress June 2018 Categories 1-4	Evidence of progress Presented to Committee on March 2019	Assessment of progress March 2019 Categories 1-4
2	The Council should build on previous work and undertake to raise awareness of FASD in Stockton utilising all relevant methods, including:						
	d) promoting and monitoring use of the FASD Animation	Aishah Waithe/Public Health Team	March 2017	<p>FASD has been incorporated into the revised Risk Behaviour Toolkit (Education Improvement Service) for secondary schools. The animation is promoted as part of this. The new toolkit will begin to be rolled out in the school year 2018/19.</p> <p>The Public Health Team is recruiting to a Health Improvement Specialist post. One of the key areas of work for this role will be alcohol. We expect the post-holder to be in place before the end of June 2018.</p>	2/3	<p>FASD has been incorporated into the Risk Taking Behaviour toolkit for secondary schools and use of the FASD animation is embedded within this.</p> <p>The Public Health team has dedicated Health Improvement Specialist time to alcohol prevention work.</p>	<p>1</p> <p>1</p>

**APPENDIX 2**  
**Progress Update – Review of FASD**

No.	Recommendation	Responsibility	Date	Evidence of progress Presented to Committee on June 2018	Assessment of progress June 2018 Categories 1-4	Evidence of progress Presented to Committee on March 2019	Assessment of progress March 2019 Categories 1-4
5	Committee supports participation in the Regional FASD Research Project, and Public Health should consider the results in due course	Public Health Team to liaise with those carrying out the study	March 2017	The Public Health Team has contributed to the funding of the research. An update on timelines for reporting from the study has been requested	2	Public Health team will continue to embed ongoing learning from the Regional FASD research project into the borough's strategic approach to alcohol prevention, treatment and support.	1
6	Ensure FASD prevention is reflected in the development of the revised Alcohol Strategy for Stockton-on-Tees	Aishah Waithe/Mandy MacKinnon	March 2017	Alcohol consumption in pregnancy is recognised within the strategic issues set out in the (draft) alcohol JSNA  The Public Health Team is in the process of recruitment to a post which will lead the development of this work (anticipated start before the end of June 2018)	3	Alcohol consumption in pregnancy is recognised within the strategic issues set out in the Alcohol JSNA. These priorities are being used to guide the development of a borough wide alcohol strategy.	1
