The Select Committee received overview reports from Corporate Directors and Cabinet Members in relation to the following services:

- Administration, Democratic and Electoral Services
- Finance, Development and Business Services
- HR, Legal and Communications
- The Environment, Culture, Leisure and Events
- Xentrall Shared Services

Issues highlighted by Members and discussed were as follows:

- Arrangements were being made to locally deliver the LGAs "Be a Councillor" campaign ahead of the local elections in 2023
- The condition of the Town Hall was an issue and it was acknowledged that the layout of the Council Chamber no longer met modern meeting requirements; longer-term options were being considered as part of the wider accommodation proposals
- Staff absence due to stress, anxiety and mental health issues was raised. A confidential counselling service for staff was delivered by Redcar and Cleveland Mind and provision was just meeting demand; the service was soon to be re-tendered, and the contract would also be extended to include early help, advice and support
- The success of the apprenticeship programme was highlighted
- Members expressed support for the mobile library service and purchase

of a new vehicle

- The Council would have an enabling role in respect of the Queen's Platinum Jubilee and guidance would soon be issued to all Councillors to help them support community celebrations
- Members commended all of the services on their hard work and achievements, in particular how all services had pulled together to deliver the Council's Covid response

AGREED that the reports be noted.
