

**Place Select Committee 15 March 2021**  
**Monitoring: Update – Scrutiny Review of Fire Safety of High-Rise Residential Buildings (Task & Finish)**

Key points to update

- All key partner agencies to consider the outcomes from Thirteen Group's commissioned independent inquiry around the presence of Class 3 combustible cladding at Kennedy Gardens, and act where necessary.
- Committee recommends the installation of sprinkler/misting systems in all high-rise residential buildings across Stockton-on-Tees.
- Consideration to be given by all key partner agencies on the outcomes from the Government's public inquiry into the Grenfell Tower, or any related, fire once available. See below.

Update on:

- Draft Fire Safety Bill
- Draft Building Safety Bill
