Stockton Central Communities is 😊 feeling excited.
March 25 at 8:29 PM · 🌐

🥳 We are SO excited to share with you that The Community Partnerships, [Cultivate Tees Valley](#) and [Sprouts Community Food Charity](#) have been awarded funding from the [The National Lottery Platinum Jubilee Fund](#).

🌱 This funding will transform 70 planters across the borough, will develop plot to plate communities through the creation of an edible town, host community cooking workshops...and will even introduce an aquaponics system!!!

😊 The funding will make a real difference across our communities.

👤 We would LOVE you to get involved and will post updates as to how you can get involved in this brilliant project
