SAFETY, HEALTH AND ENVIRONMENTAL INFORMATION

In addition to the hazards normally associated with the types of work detailed on this drawing, note the following risks and information:

1. Working near road - Hazard to safety of workers and road users
2. Working in close proximity of existing underground services. Location of all underground services to be verified and clearly marked on site for the time of construction - Hazard to safety of workers and users of the Public Open Space

For information relating to works on site see the Health and Safety File.

It is assumed that all works will be carried out by a competent contractor working, where appropriate, to an approved method statement.
