Within this priority we will use intelligence to assess issues identified through the Police Strategic Intelligence Assessment, the Partnership Strategic Assessment and Neighbourhood Policing priorities. For the first year of this plan we will focus on Other Theft, in particular theft of mobile phones, theft of metals and shoplifting.</p>	
<p>The Plan has to contain information about the role of each partner in supporting delivery of the priorities and how this will be resourced.</p> <p>Working together to deliver priorities is the activity that binds the partnership together. However, the plan will contain details of the way in which partners will contribute to agreed priorities and how these will be resourced.</p>	<p>Partner agencies will use elements of their mainstream resources to implement this plan, within the limits imposed by their legal powers and their individual priorities. The Safer Stockton Partnership has a small pooled budget for joint work that the Police, the Council the Fire Service and Police Authority contribute to annually.</p> <p>Also each Key Priority has a lead and deputy lead taken from partner agencies and each target has a lead agency.</p>	<p>Page 5</p>
<p>The Plan should contain information about the way in which performance against priorities will be measured.</p> <p>Establishing a robust performance management framework is a vital aspect of any effective partnership and is essential for successful and sustainable delivery. The plan must contain details of how the partnership will address the performance management of their work.</p>	<p>We have agreed that all members of the partnership will share responsibility for achieving our targets, aims and objectives. We have identified a lead agency against each key priority by agency and their role within that agency. We have also identified a lead within the community safety service for each priority so queries can be directed through a named individual.</p> <p>As well as the yearly annual report we will produce quarterly monitoring reports on our progress against targets and these will be monitored by the Safer Stockton Partnership and made available on <a href="http://www.saferstockton.com">www.saferstockton.com</a> At the end of the three year period we will produce an overall evaluation of how we have performed.</p>	<p>Page 5</p>

<p>The Plan will also contain information about the way in which the partnership will engage with their communities.</p> <p>Partnerships are required to carry out community consultation as part of their strategic assessment. This demonstrated to the community that their views are taken seriously.</p>	<p>The Plan is based around six key priorities chosen by residents and visitors to the Borough. During the summer of 2007 we consulted widely to identify which issues we should prioritise and which were less important. We received 4,021 responses to the survey and these responses will help to direct our work over the coming three years.</p> <p>The key priorities in this plan have been identified through our consultation programme and influenced by the first Partnership Strategic Assessment and Neighbourhood Policing priorities:</p> <ol style="list-style-type: none"> <li>6. <p><i>The Partnership have to produce a summary of the partnership plan in a format of their choice, but in a way that makes it available to groups in their community</i></p> <p><i>We know that some agencies within partnership are already under existing duties to publish summaries of their own plans, but an effective partnership will still want to be open about their own plans. However, the partnership should publish a summary in a way that is accessible to diverse communities as part of their need to be visible and accountable, but we are not specifying the format of summary plan.</i></p>	<p><i>This plan covers the three-year period from April 2008 to March 2011. A summary of the plan is also available on <a href="http://www.saferstockton.com">www.saferstockton.com</a> or by contacting the Community Safety Team on 01642 527610. I</i></p>	<p>Page 3</p>

3. The National Standards also contained a number of suggestions for good practice and these are shown below with where they are evidenced in the plan identified:

- a) Linking with other plans – covered on page 2
  - b) Developing the plan – covering:
    - Vision Statement – Our aims as a partnership are documented on page 3 and each Key Priority has an Objective
  - c) Reason for priorities with SMART targets – explained on pages 1 and 10
  - d) Detail of projects – contained within each key priority
  - e) Risk register – page 10 and identified against each target
  - f) Community Engagement section – pages 1, 3 and 7
  - g) Resourcing the plan – pages 5 and 8
  - h) Provide a summary – page 1
4. Members are asked to read the plan and provide feedback by **14<sup>th</sup> February 2008 to marilyn.davies@stockton.gov.uk**
