

SAFER STOCKTON PARTNERSHIP INVESTMENT PLAN 2008/09 DRAFT

1

1. The attached plan provides details of the proposed spend of the funding that will be available to the partnership via the Basic Command Unit (BCU) and Safer and Stronger Communities (SSC).
2. Members may recall that there is a suggestion that this will be the final year for Basic Command Unit funding but that money that comes under the SSC banner through the Local Area Agreement should continue throughout the three years of the forthcoming Community Safety Plan.
3. The attached plan will be reviewed towards the end of the next financial year to account for the possible reduction/cancellation of the BCU and for any emerging issues that may be identified through the Partnership Strategic Assessment.
4. Members are asked to consider and endorse the proposed spend in the attached plan.
