

**STRATEGIC ASSESSMENT ACTION PLAN**

The following actions were recommended in the SSP Partnership Strategic Assessment and will form the basis of the action plan for 2009

- All of the five set key objectives in the CSP are still relevant and should continue for year two of the plan - agreed
- Other theft should remain under the Emerging Issues priority and consideration should be given to also monitoring Fraud and Forgery offences - agreed
- All other crime types should be monitored to ensure that any emerging problems are responded to quickly - agreed

<b>ACTION</b>	<b>RECOMMENDATION</b>	<b>AGENCY</b>	<b>UPDATE</b>	<b>Status</b>
1	A public facing summary document to be produced, which will be available across the Borough, in Stockton News and on <a href="http://www.saferstockton.com">www.saferstockton.com</a>	SBC Comm Safety	COMPLETE	
2	A focus on reassurance work to reduce the fear of crime, especially for residents living in Thornaby and Central Stockton as well as those aged between 16 – 24 years and those from the BME community.	All Partners	Meeting arranged for 11 <sup>th</sup> June	
3	Continue working to reduce the effects of alcohol in the nighttime economy via the ThinkB4UDrink campaign along with Operation Exodus (dedicated Police presence in Stockton Town Centre and directions to leave).	ThinkB4UDrink subgroup	Ongoing	
4	Work to secure health data from A&E and NEAS to assist with the analysis of Violent Crime in the Borough	North Tees Acute Trust & NEAS	A&E data recording went live on 01/05/09. Data will be monitored to assess quality.	
5	Encourage NOMS to refer into Harbour for both victims and perpetrators of domestic violence.	NOMS	Probation to identify contact to liaise with Community Safety	
6	Consider a bespoke freedom programme to address the specific needs of female offenders, including access to secure housing, self esteem etc.	NOMS & harbour	Email sent to GONE to ask for funding	
7	SSP to continue talks with Cleveland Police in relation to the problems that persist with data recording, particularly in relation to the DV flag, committed under influence flag, committed in licensed premise flag and the occupation, ethnicity and address details for suspects and victims.	Scanning & Challenge Group	Not yet discussed at S&CG	
8	Work between Police, Community Safety and DAT analysts to try and identify if any further research can be done to ascertain what proportion of drug dealers are also users.	Police, DAT, SBC Comm Safety	Analysts from Community Safety, Police and DAT to meet in August to plan ahead for the next PSA	

<b>ACTION</b>	<b>RECOMMENDATION</b>	<b>AGENCY</b>	<b>UPDATE</b>	<b>Status</b>
9	Police Officers and NES Officers to promote the ASB team and the ASB hotline when responding to calls of ASB in wards ranked low for incidents reported to the ASB team – especially Hardwick, Newtown and Roseworth	Police, NES & ASB Team	Community Safety Analyst to ensure that Police inspectors and NES supervisors are aware of the under reporting in these wards at the appropriate JAG meeting. ASB team to ensure more visible presence in these wards.	
10	Continue to work with the Police Standards Unit to secure access to IRIS, particularly IRIS intelligence for the Community Safety Analyst.	Police	Discussions awaiting outcome of request from Police Standards Unit.	
11	All outstanding actions from the previous Strategic Assessment to be carried over to this years actions, and an update to be taken to SSP each quarter with the target monitoring report.		See below for outstanding actions	
11.1	For juvenile ASB perpetrators their school is listed on Flare yet this was not populated enough to perform any meaningful analysis. The recording of the school of perpetrators should be addressed for preventative work.	ASB TEAM	This had been implemented and was working well, however a recent upgrade of the FLARE recording system has meant that school cannot currently be monitored. When the new system went live some of the old data did not get carried over including school details and must now be manually researched and re-inputted.	
11.2	There was no analysis into the prevalence of gangs. There are some known gangs and data in relation to the gangs should be considered in future.	ASB TEAM POLICE	This field was also affected by the upgrade of FLARE.	
11.3	The failure to properly key word the MO field has impaired the analysis of the nature of criminal damage. This needs to be addressed as damage continues to be a large problem and it is not possible glean a full understanding of the nature of the problem.	POLICE	There has been some improvement, but the many of the indicator fields are still incomplete. A pilot scheme is running in the Control Room in relation to criminal damage where a specific proforma is being completed for each call, and this will be monitored to see if any improvements are made.	
11.4	This section is not as straightforward as the other crime type based priorities so data was slightly limited. There was no attempt to look at where youth provision and youth work is currently located in the Borough and this could be useful for future work	YOUTH SERVICES	There was more YOS data received this strategic period but youth work information is still lacking at the moment.	

<b>ACTION</b>	<b>RECOMMENDATION</b>	<b>AGENCY</b>	<b>UPDATE</b>	<b>Status</b>
11.5	Data quality issues impeded the analysis of shoplifting offences. Given that theft is currently the biggest problem is the Borough careful crime recording of all theft offences is crucial.	POLICE	Shoplifting data is still poor, as is the metal thefts data. A strategic category has been created in Watson and monthly checks on the data to pick out metal thefts are ongoing. This is serving as a way round the poor data recording for other theft but will not assist with shoplifting. The Priority Crime Team (PCT) now researches all shoplifting offences and recovers all CCTV, which has increased detections. The PCT highlight any new MOs and top 10 offenders.	
11.6	The Shop watch Scheme in Stockton Town Centre was not considered in this report. Future reports should ensure any data available is gathered and utilised.	POLICE SBC	Information seems to be one way only with all the Neighbourhood Watch, Shop Watch and Pub Watch. No information is being received from the schemes back to the Police at this time.
