

Draft Action Plan for Providing Reassurance

1. Members will recall that at our last meeting we agreed that we would use the Whatever it Takes process as the template for our providing reassurance agenda. It was also agreed that we would produce an action plan for this meeting.
2. The attached action plan has been developed from the WIT action plan to incorporate the additional elements required for this wider agenda. It is proposed that the Safer Stockton Partnership will monitor this action plan and that the local WIT action plan will be monitored by the WIT working group. Updates from the working group will be incorporated into this plan.
3. An evaluation of WIT will be carried out in October and the outcome will be reported to members alongside the next update of this action plan.
4. Members are asked consider the report and provide feedback to claire.sills@stockton.gov.uk and to agree to the proposal to monitor this action plan.
