

FTP Update (Outcome of Thornaby/next proposals)

1. The minutes of the last Face the People session held in Thornaby on May 19th are attached.
2. The meeting was well attended and feedback suggests that the sessions are valued.
3. If we follow the current process the next session would be due for September and would take place within the Stockton area. Members will recall that we agreed to hold these sessions in areas with higher levels of crime, disorder and anti social behaviour. To follow this pattern it is suggested that the proposed September session would be held in the Parkfield Mill Lane Pathfinder vicinity.
4. Members are asked to consider whether to follow our current pattern and hold our next session in September and whether the venue should be within the Parkfield Mill Lane area.
