

## **Community Cashback**

1. On 10 July the message attached as Appendix A was received from Cleveland Criminal Justice Board (CCJB), with the accompanying documentation at Appendices B and C.
  
2. I responded suggesting that one of the areas to be included in any Cleveland bid should be upgrading of CCTV infrastructure in appropriate areas, and I am meeting with Jo Moore from CCJB on 30 July to pursue this, so will update you at the meeting.
  
3. Members of the Partnership are RECOMMENDED to:
  - (a) endorse the principle of bidding for funds to upgrade CCTV infrastructure in public open spaces; and
  
  - (b) put forward any other proposals which match the criteria attached.

Mike Batty
