

**School of Art – Request for Funding from Cleveland Police HQ**

1. Attached as Appendices A, B and C are details of a request for funding to support this project.
2. As members of the Partnership will recall, all of the current Community Safety Partnership allocation (BCU Fund / Safer & Stronger Communities Fund) for 2010/11 (which was reduced from 2009/10 by the Home Office) was allocated to interventions at our meeting of 23 March 2010.
3. However, it may be that other funds held by individual partner agencies or other partnerships are available to contribute towards this request.
