

Comparison across Policing Districts

The Force-wide sample of survey respondents consists of 300 residents from each of the four policing districts. The following table provides a comparison of the responses obtained in relation to a number of key questions.

	H'pool	R&C	M'bro	S'ton	Force
• % of people who think the local police do a 'good' or 'excellent' job	66.3%	66.3%	66.0%	68.3%	66.9%
• % of people who agree that the police and local council are dealing with the crime and anti-social behaviour issues that matter in their area	71.7%	73.3%	70.3%	75.0%	72.9%
• % of people who perceive high levels of anti-social behaviour in the local area	9.3%	5.7%	14.3%	8.3%	9.3%
• % of people who perceive high levels of drunk or rowdy behaviour in public places in the local area	20.7%	20.0%	21.7%	19.0%	20.2%
• % of people who perceive high levels of drug use or dealing in the local area	20.0%	17.3%	20.3%	19.0%	19.1%
• % of people who are confident in their local police	87.0%	83.7%	84.0%	88.7%	86.0%
• % of people who have confidence in Cleveland Police	89.7%	91.7%	87.7%	89.7%	89.7%

Further information

The information provided in this document provides a summary of the most recent data collected via the Local Public Confidence Survey.

For a more detailed insight into public confidence in the Cleveland area and the factors associated with it, please refer to the report 'Local Public Confidence Survey Baseline Survey Findings' published in February 2010. It is recommended that the figures presented in this summary are considered alongside the more detailed information presented in the earlier report.

For further information about the Local Public Confidence Survey, please contact the Corporate Performance team within the Corporate Planning & Governance Department.

The next Local Public Confidence Survey update will be published in **January 2011**
