## **Integrated Offender Management**

### **College of Policing (Efficiency and Knowledge Support Unit)** **Peer Review**

Cleveland Police have in place four well developed Integrated Offender Management schemes. Cleveland Police and partner agencies are keen to continually improve and to that end the E&KSU have been commissioned to work with Cleveland Police and the Probation Service and their partners to;

- Support them to establish a methodology for common reoffending measures for the four IOM programmes within the Cleveland area.
- To advise, based on previously identified evidence based practice;
- On the most salient and beneficial types of measure(s) of reoffending within IOM schemes – performance management
- Offender selection and de-selection
- Resources

ACC Roberts has commissioned this work on behalf of Cleveland Police.

The E&KSU will conduct a peer review in Cleveland on 14<sup>th</sup> – 16<sup>th</sup> May 2013 by way of interviewing staff, holding focus groups and examining relevant paperwork from Police and partners. Peers experienced in IOM will be utilised alongside E&KSU staff. Following the review the E&KSU will provide a de-brief to the Force and their partners including a hot de-brief, a formal report and a formal presentation.

Service Unit managers are requested to make staff available for interview and focus groups and to keep their respective Community Safety Partnerships informed of this review.
