29 July 2019

Dear Colleague,

E-CINS Update

I wish to take this opportunity to thank you for your support to date in working on the E-CINS information sharing and case management system and reaffirm my commitment to the future development of E-CINS.

As you may be aware there have recently been significant changes to the senior management team at Cleveland Police and we are awaiting clarification as to who will be the Police lead on E-CINS before moving forward through the E-CINS steering group.

The OPCC has however taken advantage of this time to review the project and the project manager has held a number of discussions across agencies to determine progress to date. This review has included:

- An assessment of the benefits (enclosed) for using the system for the processes that are currently utilising E-CINS
- An assessment of the current risks associated with using the system from the processes currently being utilised. These include factors such as management of information, system administration and stakeholder buy in
- Identification of new areas of work that agencies have requested that E-CINS could provide improvements across agencies
- Review of the existing Terms of Reference for the Steering Group and project governance

The Police & Crime Commissioner for Cleveland is an accredited Living Wage Employer with the Living Wage Foundation.

As a result of the above there are a number of areas that would benefit from discussion with the Steering Group which will be rescheduled for 7th October, if you have anything specifically that you would like to raise that has not been captured then please contact Denise Holian who is the project manager within my office at Denise.Holian@cleveland.pnn.police.uk or 01642 301443.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Barry Coppinger', written in a cursive style.

Barry Coppinger
Police and Crime Commissioner for Cleveland
