Goldies Bar Stockton

Friday at 19:53 · 🌐

Due to the recent Government's advice we are sadly having to shut our doors after tonight.

However, we are keen to adapt and continue to serve our lovely customers in the best way we can and keep the fun alive and our customers smiling in these terrible times while also, as a small local business keep trying to support our amazing staff as much as possible!

Because of this we are announcing our brand new delivery service Just-Drink where we will be delivering what we're sure everyone in this region needs in this difficult time- a good old drink.

Because if you can't do anything you might aswell be drunk!

More details to follow.

Stay safe and best wishes to your family from ours.

The Goldie and Ché Family.
